

New Journal--Architecture Science, ArS

Call for Papers

The purpose of publishing “Architecture Science, ArS” is to strengthen architectural research, establish an academic periodical of open platform based on rigorous review process so as to provide a credible forum for releasing and exchanging studies associated with international architecture community. Articles published in ArS must be of value as well as worthy of impact to daily life. Articles must be able to provide information of interest to the public or to explore new frontier of architectural fields, or to provoke people’s thought. They should be supportive of planning, design, construction, management or maintenance in relation to architecture. **Once a paper has been accepted, a payment of NT\$1 per word by the ArS will be provided to compensate the author’s contribution.**

Fields of Submissions
